

PURION

INSPIRED BY WELLNESS

Feel right at home

Your home is where you spend most of your life.
And that's why it should be as perfect as it can be.

Everything from the interior design to the furniture you've installed transforms a house into a home where you belong. Yet your home is not a dream home. Not with the heat, humidity, odour, and dust indoors.

Imagine if we can make your home feel right. One that is welcoming, comfortable and healthy for you and your loved ones.

Inspired by nature

What do you feel when you are surrounded by nature?
Comfortable, refreshed, alive and happy. With Purion,
you can experience this wellness right at home.

Our team of material scientists, researchers, consultants and designers
do so by combining old techniques with high quality natural materials
so your home will never feel the same again.

The background of the entire image is a modern interior. On the left, a tall green plant stands next to a stack of white plates on a small wooden side table. In the center, a bright yellow armchair is draped with a light grey blanket and has a matching cushion. To the right of the chair is another small wooden side table with a vase of dried branches and some books. The floor is made of light-colored wooden planks. The wall is a solid blue color with vertical lines. A white text box is centered on the wall, containing the title and two paragraphs of text. A geometric wireframe pendant light hangs from the ceiling on the right side.

Build Your Dream Home

Everyone is unique, and so is the home we create.
It's not just the colour and texture of your walls
but how you feel within these four walls.

Let our experienced consultants help you make
the right selection from our wide range of products.

Purion - Feature Wall - Eco Wall

Zero VOC

Asthma and
Allergy Friendly

100% Natural

Impress your guests with Purion Feature Wall - Eco Wall. A 100% natural wall - boasting both classic and modern designs. Handmade to match your desired interior theme while encompassing the ability to function as an air filter. Giving you peace of mind - knowing your children and elderly can enjoy better air quality and well-being at home.

Contains Wellness Material
- Diatomite

Purion Eco Wall is made from 100% natural diatomite which has high porosity characteristics. It is highly absorbent, removing moisture and harmful compounds in the air.

General Information:

Ingredients	TiO ₂ , SiO ₂ , C ₃ H ₄ O ₂
Uses	Interior Wall
Application	Roller or Brush
Finishing	Matt Finishing
Coverage	12-14m ² /lb , 30 microns DFT
Dilution	10%
Moisture	Moisture level must be <10%, PH<10
Storage	Temperate ≤35°C ₂ , Humidity
Drying	Approx 45 mins
Packaging	5L

WELLNESS ECO HOME

- 1 Up to 90% Formaldehyde removal rate
- 2 Easy application
- 3 Humidity balance
- 4 Anti-fungus and anti-algae properties
- 5 Easy maintenance

Ultra Low
VOC
